Bartendr User Stories

- As a developer, I would like to confirm a user's age (for legal purposes)
- As a user, I would like to know what drinks I can make given the ingredients I have
- As a user, I would like to be able to change the number of people I make drinks more
- As a user, I would like to receive instructions on how to make a drink
- As a user, I would like to be able to see if I'm only missing one or more ingredients to make a certain drink
- As a user, I would like to be able to favorite drinks
- As a developer, I would like to be able to know if a user has made a drink
- As a user, I would like to be able to browse and search all drinks
- As a user, I would like to be able to send recipes via email
- As a user, I would like to be able to create my own drinks and post them
- As a user, I would like to be able to have a shuffle drink view
- As a user, I would like to be able to keep inventory of my drinks (if time allows)
